

IT'S ALL ABOUT...

Neighbours helping neighbours.

Everyone is valuable and has something to offer in your neighbourhood. The discovery of your neighbours' skills, abilities, and needs leads to a stronger, more engaged, connected and supportive neighbourhood.

Our neighbours are our greatest assets!

If every resident was to reach out to three to six neighbours and offer support, our community could ensure that there are no isolated, or unsupported residents in our community.

Together we can ensure our neighbourhoods are strong, healthy and connected - A neighbourhood where neighbours care about neighbour and celebrate Stony Plain as a great place to call home.

**Neighbourhood
Connect**

Discover the strength of your neighbour!

BENEFITS OF NEIGHBOURING

- Increased care of neighbours
- Increase care of shared spaces, the environment we call home
- Increased civic engagement and economic growth opportunities
- Increased social and cultural wellness
- Increased safety
- Activated and shared knowledge, creativity and innovation

Role of Connectors

- Register as a Neighbourhood Connector
- Commit to connecting with 3-6 neighbours
- Maintain physical distancing – connect with neighbours in innovative ways in respect to health protocols
- Be observant for neighbours in need of support
- Create a connection system for neighbours to stay in touch
- Connect neighbours in need with neighbourhood resources or if needed, community resources - FCSS or other
- Participate in virtual Connector meetings
