

John Paul II Access Road

UPDATES

09/24/20: A happy day for St. John Paul II School and Willow Park residents – Willow Heights Drive is now complete! Streetlights have been installed and are soon to be energized. While some line painting work remains, the road and sidewalk are open for public use.

09/17/20: Work on Willow Heights Drive is expected to wrap up this weekend. The road is anticipated to be opened for public use on Monday, September 21.

09/04/20: Paving has been completed on the access road between Willow Park Road North and the St. John Paul II School and traffic signs installed. Willow Heights Drive will be opened to traffic on Tuesday, September 8 with some construction operations still ongoing. Construction of the streetlights is scheduled to begin on Tuesday, September 8 and is anticipated to last two weeks. There will be no changes to the existing accesses to the St. John Paul II School until all construction operations are complete and Willow Heights Drive fully operational.

08/28/20: The Access Road between St. John Paul II School and Willow Park Road is almost complete, and it now has a name. Paving of *Willow Heights Drive* is scheduled for Saturday, August 29. Sidewalks and concrete work are complete. Crews will be onsite installing road signs and crosswalk markings the following week and the road is anticipated to be opened to traffic and pedestrians after the Labour Day long weekend. Work in the area will pause for the initial back-to-school rush to allow parents and buses to get used to the new layout.

07/24/20: Work has started on the access road from Willow Park Road North to the John Paul II Catholic School parking lot. The road subgrade has been constructed and the granular base will be constructed over the next few days.
