

GLENN HALL CENTENNIAL ARENA - COVID 19

Updated October 26, 2020

Rules and Guidelines in place for the Glenn Hall Centennial Arena (GHA) based on guidelines from the Province of Alberta.

Please note that these guidelines will be updated to align with changes to Public Health Orders, Provincial Guidelines, and/or best practices in the Tri Municipal Region

GENERAL

- Do not attend the facility if you are feeling unwell.
- Practice physical distancing (maintain 2 metres between people).
- Practice healthy hygiene habits. Wash your hands, regularly use hand sanitizer and avoid touching your face. Hand sanitizing dispensers are located throughout the building, but it is highly recommended to bring your own.
- Wearing a face covering or mask is mandatory in all publicly accessible areas of the facility.
 - Bring and use your own face covering; they will not be provided.
 - This will be in effect regardless of whether the Town's Temporary Mandatory Face Coverings Bylaw is active.
 - Exemptions align with the Town's Temporary Mandatory Face Coverings bylaw: <https://www.stonyplain.com/en/town-hall/resources/Documents/Face-Covering-Bylaw.pdf>
- Refrain from cheering and yelling as it presents a high risk of spreading droplets.
- Following each time slot, the GHA staff will undergo a cleaning of the facilities, users and spectators will be expected to exit the facility immediately after their ice time to ensure the facilities are ready for the next group.
- Comply with specific staff requests related to COVID 19 Facility protocols (closed areas).
- 15 minutes between ice bookings effective Friday October 30, 2020

PARTICIPANTS

- Complete pre-activity screening through your organization.
- Dressing Rooms will be open. It is recommended that participants come dressed to prevent extended gatherings in the dressing rooms.
- Showers will not be available.
- Please proceed directly to your assigned dressing room upon arrival.
- Please exit out the doors at the end of each hallway
- Bring your own filled water bottle (Fountains are unavailable).
- Arrive no more than 15 minutes prior to your ice slot for practices and 30 minutes ahead for games.
- Exit the facility within 15 minutes after your ice time to allow time for staff to prepare the facility for the next group.
- Off ice warm-ups or cool downs will not be permitted.

SPECTATORS

- When using the GHA facility users / spectators must follow all posted facility guidelines and public health orders.
- Maximum Seating Capacity is 100 spectators
- It is highly recommended that only one parent / guardian attends per participant. It is preferred that no additional spectators, including children, are brought to the facility. If children must come out of necessity, they must remain seated with parent / guardian.
- Please proceed directly to the spectator seating area upon arrival, unless tying skates for a participant.
- Sections of the bleachers will be closed.
- No meetings are allowed at the facility, including bleachers or lobbies.

PUBLIC SKATING

- Advance booking is not required.
- Facility doors will be locked until 15 minutes prior to the start of Public Skating.
- Capacity is set at 50 skaters on the ice.
- Staff will monitor on ice capacity to align with AHS guidelines for indoor sport and recreation.
- Helmets are recommended.
- No skate aids will be available.
- Practice physical distancing with those outside your cohort.
- Masks are required while skaters are not on the ice.
 - Exemptions align with the Town's Temporary Mandatory Face Coverings bylaw: <https://www.stonyplain.com/en/town-hall/resources/Documents/Face-Covering-Bylaw.pdf>
- Masks are recommended, but not required, to those skating.

SPORT ORGANIZATIONS/USER GROUPS

- Organizations are responsible for sharing these key messages with their members.
- When possible, please encourage parents to drop-off and pick up participants to reduce the number of patrons inside the building.
- Organizations will be responsible for pre-screening participants before arriving to the facility.
- Organizations will play a role in monitoring and reinforcing physical distancing measures with
