Is Partnering with

Town of Stony Plain

to offer you an opportunity for the Summer of 2026.

Summer in the City is the most comprehensive summer tourism guide in all of Greater Edmonton. Our 120,000 family audience looks to our guide to help offer ideas and information about destinations, events, activities, and other fun pursuits to ensure they have an amazing summer.

Stony Plain is advertising in the publication and, in partnership with Summer in the City, is offering businesses, events, and destinations within the town of Stony Plain, the opportunity for discounted advertising.

We would like to secure enough local partners to fill one or two pages. These pages would inform and inspire Greater Edmontonians to venture to Stony Plain for fun, shopping and dining. The page would be laid out in the simplest and most visually attractive way possible with the variety of ads committed.

Businesses, not-for-profits and individuals benefit from an aggressive price structure. This package is for the Summer of 2026, payment is due in May 2026, but for this package price, a commitment is required by October 31, 2025. After October 31, the discount will lessen slightly so early commitment is beneficial to all.

Ad Size	Regular Retail Price (plus tax)	Your Discounted Price (plus tax)
