

# FIND YOUR FIT!

**Downsize, add** a smaller cart  
or **keep** what you have.

Choose the **waste cart** that fits your household:

## **DOWNSIZE to 120L cart**

smaller, lighter  
and easier to store

## **ADD a 120L cart**

for 360L total  
waste capacity

## **KEEP your 240L cart**

no change  
needed

**No deadline:** switch carts when it works for you.  
Waste collection schedules and frequency remain unchanged.

## **Tips to help you fit a smaller cart:**

Better waste habits make for better cart solutions.

### **Check before you toss**

Sort smarter with the  
free **Recycle Coach app** –  
recycle, compost or waste.

### **Compost like a champ**

Keep your compost bin  
handy for **food scraps**  
and soiled paper.

### **Shop smarter**

Choose products with  
packaging that **won't end**  
up in your waste cart.
