What is a Community event?

Any event, large or small, where everyone from a neighbourhood is invited and brings people together is a community event.

Make your event as unique as your neighbourhood. Register your event 3-4 weeks before your event, and you could receive additional support for your event.

Let us help you to get your community together.

Why Get Together?

Helps us feel safe

Neighbours who know each other are more likely to watch out for one another.

Boosts our health

Neighbourhoods that are safe, clean, welcoming and supportive, create healthier communities and healthier people.

Makes us happy

Communities that are open and accepting foster feelings of belonging and closeness.

Helps young people

Supportive neighbourhoods help develop youth leadership, success in school, healthy behaviours and acceptance of diversity.

Builds community

Neighbours who care about each other have the power to make a difference in the community when they come together.
